### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: It is noted of the JP 11-299519 reference which teaches a luggage case with two case shells, It is also noted of Russell (4022261) and MacGregor (4243340) each teaches the use of a sheet for viewing for display. It is noted that the claim recites an inverted U-shaped punched cut, as shown in Fig. 2, along with a straight edge. MacGregor teaches a U-shaped cuts 26". However, there is no suggestion to make cut into an inverted U-shaped cut (to enable to insert the display into the case shell easily as shown in Fig. 2. without open the case all the way for insertion of the display). Furthermore, there is no straight edge in MacGregor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
